Education

MECHI MULTIPLE CAMPUS
Tribhuvan University
BSC CSIT
2023-2027

Skills

- **Languages:** Python, JavaScript, SQL, HTML, CSS
- **Frameworks:** Flask, Django, FastAPI
- **Web Technologies:** RESTful APIs, JSON, Jinja Templates
- **Databases:** MySQL, SQLite
- **Version Control:** Git, GitHub
- **Tools:** VS Code, Linux Command Line

Projects

EMERGENCY SERVICE LOCATOR WEB APP

Tech Stack: Python, Flask, HTML, CSS, OpenStreetMap API

Built a full-stack web app that helps users locate nearby hospitals, fire brigades, and ambulances using real-time geolocation.
Implemented backend using Flask to process and serve location data via REST API.

MCQ QUIZ APP WITH OOP

Tech Stack: Python, Tkinter

Developed a command-line quiz game using Python classes and objects.
Implemented automatic score tracking and random question selection.

CERTIFICATIONS

Python for Everybody – Coursera
Git and GitHub – freeCodeCamp
Web Development Bootcamp – Udemy
